# CAMPSITE MARKERS

Just like last year, the year before and the year before that...you get the picture.... the new campsite stickers/markers are being put up by the RCTR staff. If you already renewed your campsite this year, expect to see a turquoise marker on your camp sign. It's very unlikely anyone can miss this year's color! If you've partly renewed your site, your sticker will not be placed until your balance is cleared. Remember, the deadline to pay for all campsite fees by the end of February.

Campsite auditing will continue and updates will be put in the database. Keeping our database up to date helps our staff direct those looking for a campsite in the right direction and provides us with an inventory of all the structures throughout the campground. Please let the office know if there are any issues regarding your campsite markers and we'll be happy to make any necessary changes.

*Shampoo warning! It's so good to finally get a health warning that is useful. It involves the shampoo when it runs down your body while you are showering. I don't know why I didn't figure this out sooner! I use shampoo in the shower. When I wash my hair, the shampoo runs down my whole body, and printed very clearly on the shampoo label is this claim: FOR EXTRA BODY*

*AND VOLUME. No wonder I have been gaining weight. Well, I have gotten rid of that shampoo and I am going to start showering with Dawn® dish soap instead. Its label reads: DISSOLVES FAT THAT IS OTHERWISE DIFFICULT TO REMOVE. Problem solved!*
